GOLDENBERG'S, 928 Seventh St. 706 K St.

This week opens with Many new surprises

for you. Great values go hand-in-hand with very little prices. The sales of the past five weeks since the beginning of our

Rebuilding Sale

have been the biggest since we came last October—not excepting our opening week.

There shall be no let up so far as reduced prices go. There are parts of the store which we shall soon have to give up to the builders—the wrap and suit department—part of the silk and dress goods department—the wash goods department and parts of many others. Many are already cramped.

To get rid of merchandise means avoiding much loss by damage from dust which will accompany such a tearing and tumbling down of walls as is yet to come.

The goods we ask you to buy now are fresh and new. Much is arriving daily which is ordered in the Fall. Not a bit of it is "trashy"—depend upon that. If you know this store you know that none such is ever sold here.

ROASTED BY BEN TILLMAN

Cleveland and Carlisle Raked by the Palmetto Populist.

He Says the President Is a "Tin God" and the Secretary "Deep in Infamy."

Wichita, Kan., April 18.—Senator Benjamin R. Tillman of South Carolina made an extended speech here on free silver. In an interview Mr. Tillman said:

"If Whitney is nominated at Chicago I will walk out of the convention; if Morrison is nominated I should feel like walking out, but would wait until I looked up his record. I do not know where Morrison stands on the silver question, and I have not seen anybody in recent years who does."

An immense audience greeted Senator Tillman. Ex-Gov. Lewelling introduced the speaker, who made the hottest speech ever heard here. He said that the Republicans who voted for Cleveland for a change jumped from the frying pan into the fire, and that it was the hottest fire they ever saw. He said Cleveland was a tin god and an animal with a cloven foot.

He said that Carlisle was so deep in infamy that he did not want to speak about himself. He said that no man could be appointed to the Supreme Court unless he was known to be friendly to the corporations. He was especially bitter against the lawyers in Congress, and did not hesitate to say that, while many of them were paid by the people, they were paid better by the corporations, and worked for those who paid them best.

He appealed to the Populists to vote for the Democratic party if it declared itself for free silver and succeeded in driving Cleveland and Carlisle into the Republican party, where they belonged.

RUSSELL A CANDIDATE.

Massachusetts ex-Governor Makes Formal Announcement of His Hopes.

Boston, Mass., April 18.—Ex-Governor William E. Russell, through Judge John W. Corcoran, chairman of the Democratic State committee, has announced his candidacy for the Democratic nomination for the Presidency.

This action of the ex-governor is a direct outcome of his recent visit to Monticello. There and at Washington he met many Democrats of national prominence, who urged him to stand for the nomination. On his return here he consulted with the State leaders, and yesterday made up his mind to run. He is now out of the city.

It is understood that he has gone to Washington.

INVITING A VIOLENT DEATH.

Negro Convict Escapes and Kills Several of His Pursuers.

Memphis, Tenn., April 18.—Walter Crawford, a fugitive negro convict, is inviting a violent death in the country about forty miles southeast of this city. Tuesday morning he knocked his guard settee with a club, released a gang of fellow-convicts and fled with the guard's weapons.

Making his way to the home of a witness against him, Crawford shot him dead and would have served his wife the same way had she not escaped by flight. He then went after a hostile planter, who saw him coming and mounting his horse, hurriedly fled the danger.

Yesterday the sheriff and a posse took the field, and it was reported that the fugitive had already killed two of his pursuers.

PEOPLE WHO WANT PEACE

National Arbitration Conference to Be Held Here.

More Than Three Hundred Acceptances to the Invitations Have Been Received by the Committee.

The National Arbitration Conference will meet here on April 22 and 23. The opening session will be held in Metzerott Hall Wednesday afternoon at 3 o'clock.

Between 400 and 450 written acceptances have been received from governors, judges, publicists, philanthropists, lawyers, ministers of religion, educators, business leaders and most worthy citizens.

These acceptances represent thirty-eight States. Those who are unable to attend express their full sympathy with the effort to promote the establishment of a permanent system of arbitration between this country and Great Britain. It is considerably expected that Hon. George F. Edmunds will be permanent president. Hon. John W. Foster, ex-Senator Edmunds, President James B. Angell of Michigan, Mr. Edward Atkinson of Massachusetts, Hon. Carl Schurz of New York will be among the first day's speakers.

DEATH CAUSED BY POISONING.

Verdict of the Coroner's Jury in the Louis Case.

Philadelphia, April 18.—An inquest was held this afternoon in the case of Joseph H. Louis of New York, the embroiling manager of N. A. Schloss & Co., clothing manufacturers, who committed suicide at the Hotel Bellevue in this city on Monday night.

All of the testimony was in the nature of affidavits and the jury rendered a verdict that death was caused by poisoning. There was nothing brought out at the request questioning the identity of the body. The coroner evidently being satisfied that the remains were actually those of Louis. The body was shipped to New York today.

For the Downing Testimonial.

Already the seats for the Downing performance are going rapidly, though the performance does not take place until Saturday, April 25, at the Allen Street Opera House. The Strummebach orchestra of 250 to 300, the Pythians will come in a body, and besides Mr. Downing's popular band, there are friends could easily pack the house.

The Music Store organization is a strong body of men, and when they can show appreciation for one of their members they come out in solid numbers.

Miss Alice Jackson of the Hinrichs Opera Company will sing "Faria" by Arslani between the two acts. Miss Jackson has a marvelous voice of beautiful range, and her voice is heard to excellent advantage in this song.

Mr. Tregina, a composer of considerable note, will himself conduct the orchestra, which will be enlarged for the one night. Next Saturday, April 25, will be a gala night, and no one should miss seeing these superb performances given under such excellent auspices. The "Gladiator" will be preceded by the comedy "A French Marriage." During the "Gladiator" some one of the most prominent athletic or gymnastic will appear and give an exhibition of their skill.

Today at Marshall Hall.

It is safe to say that many people will make up their minds to spend today out of the city. The natural advantages that Marshall Hall, the well known and popular resort, offers are many. Plenty of shade, green lawns and cool breezes go toward making this place one of the best that can be found for a day of solid comfort.

Today there will be a plain and dinner given at Marshall Hall, was by the way, enjoyed a tremendous patronage last Sunday. These dinners are unquestionably the finest that are prepared, and it is safe to say that this Sunday will enjoy as large a patronage, if not larger, than that of a week ago. The dinner will include the celebrated Marshall Hall clam chowder, which makes the menu complete in every respect.

The steamer Macalester will make two trips, leaving at 11 a. m. and 2:30 p. m. Returning leave Marshall Hall at 1:10 and 3:30 p. m. The fare for the round trip is 25 cents, and the price of the dinner is 75 cents.
